

Recovery in Addictions
Building Momentum in Scotland
26th March 2008
at the
Radisson Hotel, Glasgow

Services have been working to **Promote Recovery** in service users with drug and alcohol problems for many years. Now, The Scottish Government wants to support the momentum that is building towards establishing a Recovery Movement for Addictions in Scotland, similar to that in the field of Mental Health. As part of this we're holding a conference to provide a larger forum to:

- ❖ **Move** toward a shared understanding of how to promote, support and interpret recovery in addictions.
- ❖ **Provide** an opportunity for discussion and debate about what recovery means for people with drug and alcohol problems in Scotland.
- ❖ **Discuss** the implications of building a Scottish Addictions Recovery Network or Movement for people with experience of drug and alcohol problems in Scotland, including input from people with personal experience of drug problems.

The conference is free and is for stakeholders, including drugs workers, commissioners, policy makers, service users, their friends and families on **Wednesday 26th March between 10 am - 4 pm**

**There will be speakers, workshops and thought
provoking entertainment**

Please fill in the attached booking form if you would like to attend.

Service users who require expenses to attend, or those wishing more information on the conference should contact:
